Nesma Security Wins Riyadh Metro Contracts

Nesma Security has signed security contracts with the two official Riyadh Metro operators. Both the ten-year CAMCO contract for lines 1 & 2, and the five-year Rekeep/Flow contract for lines 3,4,5 and 6 can be extended for an additional five years. The projected total Saudi security staff needed to implement these contracts will exceed 750 employees when the metro is fully operational. The scope of work across the 85 depots and stations includes

preventing and controlling unauthorized persons, responding to emergency incidents and escorting cash handling teams. Valued at well over SAR 400 million, they represent the largest contracts Nesma Security has had to date and an important milestone for the company.

Nesma Security is the only approved security service contractor for Riyadh Metro.

“These contracts allow Nesma Security to continue its strong growth trajectory while supplying important opportunities to Saudis. We’re proud at the same time to be assisting the Kingdom in realizing Vision 2030 goals.”

Romel Jeries, CEO

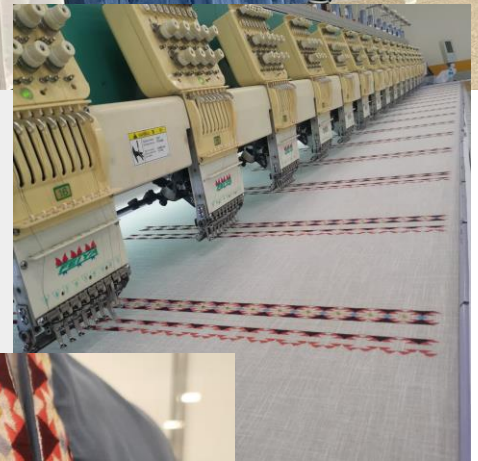

Namat Partners With TasHeel Group

Namat has partnered with TasHeel Holding group to design and create abayas and vests, 1000 of each, to be worn by workers greeting and assisting pilgrims as they arrive in airports across the Kingdom. As the uniforms worn by the Meet & Greet staff make a notable first impression, TasHeel Guest Services was particular in their selection of designer. Namat was chosen because it is a local non-profit employing Saudis working at the highest level of professionalism. Namat's designers worked closely with TasHeel representatives to create the design colors and choose traditional Saudi patterns that reflect the Kingdom's heritage.

TasHeel Guest Services performs meet and assist services for Umrah pilgrims as they enter the Kingdom's land and sea ports.

Namat creates embroidered fabrics and bespoke garments for companies and organizations while providing jobs and job training for women in rural Saudi Arabia.

“ Namat is proud that our designers and sewers were chosen for this project, and that we were able to deliver the first batch of uniforms within just five working days. All of our products are made in country by Saudi hands, in keeping with Vision 2030 goals.”

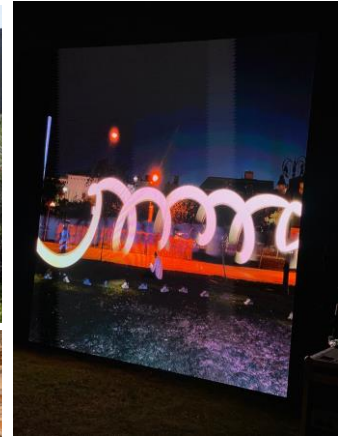

Ihab Salem, Namat CEO

SARAB Updates

Recently, SARAB Entertainment has won and completed several projects. One of them, the Noor Riyadh art installations, involved production, installation and operation that included automated lighting technology, a deepfake technology music simulator featuring renowned Arab musicians and an augmented reality screen.

SARAB also has delivered Saudia's three largest events this past year including leading the Saudia Alfursan lounge design, production and installation for FII's 6th Edition.

Moreover, SARAB has become BAE's partner of choice and had the pleasure of working on BAE's fourth event, a graduation ceremony.

NDigitec November Events

NDigitec and its Dubaiprint.com were again the official printing partners of the Distinctive International Arab Festivals Awards or DIAFA. NDigitec CEO Vatche Kavlakian presented an award during the DIAFA 6th edition ceremony which took place on November 4th.

The following day, NDigitec sponsored the Children's Cancer Center of Lebanon's Dubai Gala Dinner by providing printing, branding and fabrication works as part of the company's corporate social responsibility efforts.

On the 9th, NDigitec and Dubaiprint.com were official partners and sponsors of the 2022 Prime Awards Middle East & Africa, the region's leading packaging industry competition. NDigitec Creative Director Ardo Hambartsoumian won the Packaging Design & Innovation Award.

NDigitec is a leading prepress, premedia and digital printing company.

N&P Team Marks Safety Milestone

The Nesma & Partners team working on the construction of the Western Ring Road Gyratory & Tunnels project celebrated the achievement of clocking one million safe person hours without time lost due to injury.

NTC Hosts Leadership Training

In October, Nesma Training Center held a five-day training on “Developing Innovative Leaders for the Digital Age.” Sixteen participants from across Nesma Group engaged in the program, learning how to become more agile professionals by developing a digital mindset. Design thinking methods were practiced to identify and solve problems. Learning about the 12 leadership styles gave participants the skills to communicate more effectively in teams. They also gained insight into the distinction between system and linear thinking. At the end of the 35-hour course, participants were presented with certificates of completion.

NTC Offers Physiotherapy Session

Nesma Training Center facilitated a one-day workshop that was attended by 100 members of the public. The workshop was put on by ten trainers from the Saudi Group for Children's Physiotherapy and focused on using physiotherapy to assess and rehabilitate children with special needs. The session served to raise awareness among the medical community and the general public of the role of physiotherapy in the health of children with special needs.

N&P Influenza Vaccination Campaign

The Nesma & Partners management at the Side Wide Logistics project (SWL) collaborated with the Occupational Health & Safety and Emergency & Disaster Management teams of sponsor DGCL/DGDA to conduct a one-day influenza vaccination campaign. Using protocols set by SWL's HR & HSE department and the Saudi Ministry of Health, approximately 200 employees were vaccinated at the project's clinic.

The successful campaign was one of the monthly events organized by the SWL Occupational Safety & Health team.

Faces of Nesma: Mokhtar Barnawi

During the day, **Mokhtar Barnawi** is a Facilities Officer at Nesma Ltd. but in his spare time, he's an accomplished dancer who combines breakdance, speed, popping and African dance styles. Going by the nickname "B.boy Speed," Barnawi can be seen performing with one of his dance groups at some of the Kingdom's major festivals. He's been dancing since 2004 and currently performs in Al-Khobar area with "Evil Boys" and in Riyadh with "The Moon Crew." He also occasionally performs with groups in Jeddah. He recently performed several times on Saudi National Day for Aramco in Dharan, for the opening of Body Master gym and for a special needs center. He practices around three hours per day and has created his own style by linking gymnastics movements with other dance elements and techniques to offer a dazzling performance.

Barnawi enjoys performing in public and has competed in numerous contests including the Red Bull Championship where he earned a 2nd place trophy. He's also performed at many festivals such as the Riyadh Season opening and at the Global Village in Dubai.

In addition to working full-time, practicing and performing, Barnawi has recently begun electrical engineering university studies.

You can follow B.boy Speed on his YouTube channel [by clicking here](#) or catch him [here on Instagram](#).

Congratulations!
