# Nesma & Partners: SANG Hospital Project Update

**N**esma & Partners was awarded the Saudi Arabian National Guard Health Affairs (SANG) Specialized Hospitals projects in Riyadh, Jeddah, Al Taif and Al Qassim. Nesma's scope of work includes the construction of five specialized hospitals for SANG in different locations around the Saudi kingdom. The project includes Women and Maternity Hospital in Riyadh with 300 beds, King Abdullah Specialized Children Hospital in Jeddah with 350 beds, the Neuroscience and Trauma Care Center in Jeddah with 176 beds, King Salman Specialized Hospital in Taif with 300 beds and King Abdullah Specialized Hospital in Qassim with 300 beds. The project, which began in April 2014, is the largest awarded to Nesma & Partners to date and worth SAR 8,473,000,000.

According to Haytham Kalash, PMP Construction Manager, Nesma & Partners, four hospitals out of five are almost at 50% in physical progress, the overall manpower is more than 8000, more than 50% are Nesma direct employees. Kalash adds, "It is planned to have more than 85% in progress by the end of 2017, where major equipment and activities will be completed making the four hospitals ready to receive the medical equipment and furniture to start the testing and commission stages in 2018."

## IN THE SPOTLIGHT

**B**asistek is one of Turkey's leading technology companies with knowledge in the world's most important application configuration and infrastructures. Taking serious steps towards its goal of sustainable growth through multinational projects, Basistek merged with Nesma Holding in 2012.

Basistek's engineering staff helps the company provide a competitive advantage to its industrial and business customers as a reliable technology and business partner in a broad range of services and solutions from system integration studies to outsourcing, to maintenance services and consulting.

Basistek started its operations as a consultancy provider in the IT sector with an experienced staff of computer and software engineers having expertise in SAP and HP infrastructure and management.

Basistek is also a Platinum Partner of Hewlett Packard Enterprise and has been awarded as "Software Partner of the Year 2015" in Turkey by HPE. The company has also been awarded as "Best Sales Employee, Best HP Software Project and Most Projects Deployed" of the Year 2016 by HPE.

Basistek is proud to be listed among the top 500 IT companies in Turkey (based on revenue). The company ranked 34th on the most recent list.

*Basistek is one of Turkey's leading technology companies with knowledge in the world's most important application configuration and infrastructures. Basistek is also a Platinum Partner of Hewlett Packard Enterprise and has been awarded as "Software Partner of the Year 2015" in Turkey by HPE.*

## IN THE SPOTLIGHT *continued*

Basistek's vision consists of expertise in the field it provides consultancy service for and exceptional quality service that creates indisputable value for business partners and customers. At Basistek, the motto is "Happy Company," a goal it strives to reach for its customers as well as itself.

Today, Basistek with its Basismon solution which emerged as a result of its engineering and business experience, can prevent possible problems by ensuring a 24/7 follow-up of an institution's IT system.

Basistek, being an HP software business partner, provides a consultancy service of many valuable brands in this field in Turkey as well as other countries.

Basistek's special solutions such as Basistek Power, Basistek Medikal and Basismon unite its sectoral experience with its engineering knowledge, offering cost and savings advantages to companies within the intersection of data processing and other electronic systems.

In accordance with its quality policy, Basistek conducts its business with consideration for absolute customer satisfaction. In Basistek terminology, quality means "suitability to the requirements of the customer" and this approach within the institution has become a business manner which aims to provide the customer with the highest added value from services.

### About Basistek's CEO

Bariş Baykan joined Basistek in March 2008. He started his career as a Technical Sales Assistant in 1996 then as a System Support Specialist in 1998, and worked as an Infrastructure Department Team Leader in 2001, a Freelance Trainer in 2004, a System Administrator in 2005 and eventually as Basistek's Managing Director. Baykan also plays an important role participating in Basistek's different activities. He is the drummer of the company's music band, "Push-IT" and a skipper in Basistek's sailing team.

### Nesma HR Forum: Effective Partnership

Nesma's HR Forum was held at Nesma Training Center in Jeddah, under the theme "The Effective Partnership". The Forum started with a welcoming speech from Waleed Abdulmohsen, HR Supervisor, followed by a speech by Naif Al-Obaidi, Nesma Holding's Executive Manager, who welcomed the new HR joiners in Nesma's companies and commented on changes occurring in Saudi Arabia.

The latest changes in government fees were also highlighted during this year's HR Forum. Majed Asiri, Administration Manager explained in details, the new changes in the laws and fees regarding the Ministry of Interior, electricity consumption, Ministry of Foreign Affairs, Ministry of Labor and the Ministry of Municipal and Rural Affairs.

Nesma President, Sh. Saleh Al-Turki, attended the forum and after welcoming all the attendees he talked about the important partnership between the government and the private sector in applying 2030 vision which is an effective vision that invites our community to be part of thre change. He explained, "Although change brings with it difficulties and new challenges, it is crucial in the journey toward success." Al-Turki also warmly welcomed Nesma Ounr's CEO in the forum, and commented, "The

partnership between Nesma and Onur is an ideal example of "the effective partnership" between companies."

### NT&T Completes BPM Project for Saudi Industrial Development Fund

Nesma Telecom & Technology (NT&T) has successfully completed an important project in business process modeling (BPM) using K2 as a platform for the Saudi Industrial Development Fund (SIDF) in Riyadh.

According to Yasser Abusamrah, Director of Information Services, NT&T, "Nesma divided this project into six stages executing sequentially. Each stage consisted of several steps of verifications, approvals internally and externally, and feedback from customers in order to maintain transparency and increase efficiency."

SIDF decided to implement K2 as their core BPM platform because process automation forms a focal part of its overall corporate management culture. It will facilitate accurate data collection, reduce data entry redundancy, ensure procedures and business rules are followed correctly from beginning to end, and additionally, create a true paperless office. With K2 BPM, SIDF is achieving their goals in no time while increasing the efficiency of business and improving the satisfaction of customers, employees, and management.

### Nesma Finance Forum: Gear Up

Nesma's 2017 Finance forum, "Gear Up", took place at Nesma Training Center, Jeddah on January 26. Nesma Finance Forum is an annual event that brings together Finance colleagues from various Nesma Group companies to share updated information and provide a place for networking.

Master of Ceremony and Accounts Manager, Sara Bernawi, welcomed the forum attendees and presented short videos on Nesma's various activities and projects.

Akkas Miah, Group CFO, Nesma Holding, also welcomed the attendees and commented on this year's theme "Gear Up", he said, "To Gear Up is to get ready and prepare ourselves for the upcoming events."

Guest of honor Mohammad Hammad, Executive Vice President, Nesma Holding, also attended the Forum and shared a note of advice on "development", saying, "Develop yourselves, learn new skills and have hobbies that make you grow to become a better person; spend time in improving people who work with you to see them grow as if you were planting a seed and want it to grow in front of your eyes."

Nesma President, Sh. Saleh Al-Turki, also shared a message during the Forum regarding the importance of identifying and managing all possible risks facing our country, region and Nesma as a whole. Al-Turki also explained the Saudi government's approach in reducing foreign labor and highlighted the problems caused by unskilled and illegal manpower.

Nesma's 2017 Finance Forum also discussed the International Financial Reporting standards (IFRS) updates in addition to Zakat and tax updates.

### Nesma Trading Awarded SAPRE Project for Saudi Aramco

Nesma Trading was awarded the Southern Area Power Reliability Enhancements project by Saudi Aramco. The project, valued at SAR 133 million, will fortify the power supply to Khuff area gas wells including Shedgum, Aindar and Fazran areas, by replacing the old, deteriorated wooden poles supporting 13.8 kV overhead power lines with new, reliable steel poles. The project covers the installation of new steel poles for a total length of 151 kilometers.

This three-year project started on December 20, 2016.

### Mawaddah Signs First Contract with Malaysian Hajj Commission

### Nesma Trading-TSD Conducts Factory Certified Training on Edwards EST-3 Fire Alarm System

The Fire Protection Systems Department at Nesma Trading-TSD conducted a workshop on the latest technology update of Edwards-EST3 Fire Alarm System, product of UTC Fire and Security.

The 10-day certified training program was attended by engineers from both Nesma Trading and the Fire Protection Maintenance and Inspection Unit (FPI&MU) team of Saudi Aramco.

Musab Al Muzaiil, Fire Protection Engineer, FPI&MU, commented “The training was a great value for our team and it helps bond our relationship with Nesma.”

The training was carried by Chito Adapon, International Trainer, Edwards Systems, who confirmed the importance of this training for Nesma Trading being UTC partner, whereas the main learning outcome is updating the personnel with the newest technology in the trade and equipping them with the expertise to satisfactorily

handle the programming, commissioning and maintaining of Edwards Systems with high competence and in compliance with applicable codes and regulations.

George Fayad, Chief Operating Officer, Nesma Trading, commented, “Since we started our partnership with Edwards, we have been moving from one success to another. This training isn’t the first and we hope it isn’t the last; this is a part of our eagerness to continuously develop our team’s technical skills and abilities to implement Nesma Trading’s projects beyond excellence.” Fayad added, “Saudi Aramco is Nesma’s most strategic partner, and it is the company’s commitment to contribute to the improvement of Aramco’s units in which Nesma serves, and that is why we invited Aramco’s FPI&MU team to this training.”

## Tech Tips: Schedule & Hold Remote Meetings with Video Calls

It's easy to meet with anyone in the world at any time, right from your computer. Schedule and hold video calls with remote team members by combining Google Calendar and Google Hangouts.

Here are some examples:

- Conduct remote interviews to save resources and find a wider range of hiring candidates.
- If you work with an international team, hold regular video meetings to save money and time on travel, but still get all the benefits of face-to-face contact.
- Conduct live training sessions for employees in distant locations.

**To schedule a video call**

1. In **Calendar**, on the side of the page, click **CREATE**.
2. On the **Event details** page:
  - a. Next to **Video call**, click **Change name** and name your event (example: johnsmith-interview).
  - b. Under **Guests**, enter your invitees' email addresses.
  - c. Fill in the rest of the meeting information, then click **SAVE**.
  - d. In the dialogue box, click **Send**.

Your invitees receive an email with the event information and a link to the video call.

**To join a video call**

**From Calendar:**

1. In **Calendar**, click the event you want to join.
2. Click the **Video call** link.
3. In the Hangouts window that opens, click **Join**.

**From Gmail or Inbox:**

1. In **Gmail** or **Inbox**, open the email with the meeting invitation.
2. Click the **Video call** link (Gmail) or the **Join video call** link (Inbox).
3. In the Hangouts window that opens, click **Join**.

## Nesma IT Security Warning!

In light of recent cyber-attacks on various Saudi government agencies, please take maximum caution in dealing with emails from unknown or suspicious sources. Take special care with emails with unusual content from known senders. In such cases **DO NOT CLICK** or **OPEN** any links or attachments.

If you receive any suspicious emails or notice any suspicious activity on your PC, please contact your IT department immediately.
