New SEC Contracts for Nesma Infrastructure & Technology

Nesma Infrastructure & Technology (NIT) has won additional projects with the Saudi Electricity Co. to design, build and commission two transmission substations along with the corresponding overhead transmission lines and connection to the grid. The projects, worth around SAR 800M, have a 20-month delivery schedule.

**NESMA
INFRASTRUCTURE
& TECHNOLOGY**

The projects are located in a mountainous region of NEOM called Trojena which is anticipated to be a world-class destination offering the Gulf's only outdoor skiing venue in addition to year-round adventure sports, activities, shopping, dining and entertainment. Trojena's altitude ranges between 1500 and 2600 meters offering a cooler climate year round. Trojena is part of the Kingdom's push to create distinctive tourist destinations and international scientific hubs.

Bander AIShehri, QEHS Executive Manager

"These two contracts present another opportunity for NIT to grow and showcase its expertise. We're proud to be a part of the exciting developments transforming the Kingdom as part of the Vision 2030."

Nesma Renewable Energy Consortium Successfully Bids Mega Solar Project

Nesma Renewable Energy has achieved a new milestone by successfully bidding, as part of a consortium with EDF Renewables and Abu Dhabi Future Energy Co. (Masdar), in the fourth round of the Ministry of Energy's renewable energy procurement program. The Nesma-EDF Renewables-Masdar consortium has been announced as the first-place bidder for the 1.1 GW Al Henakiyah solar PV project. The request for proposals came from the Saudi Power Procurement Co. (SPPC) which is the principal buyer for all power generated from independent power producers (IPPs) in the Kingdom of Saudi Arabia.

This photovoltaic project will be constructed in Al Henakiyah, in the Al Madinah Province and has a project value exceeding SAR three billion. The consortium is now entering the financial close phase, following which the two-year construction phase will commence. The solar plant will be operated by the consortium under a 25-year power purchase agreement with SPPC.

This project is part of the key Vision 2030 goal to have 50% of the Kingdom's energy demand met by renewable energy.

Amaan Lafayette CEO, Nesma Renewable Energy

"NRE is proud to continue to play a significant role in the Kingdom's energy transformation. The 1100 MW Al Henakiyah solar project (the largest tendered by SPPC to date) along with the 400 MW Dumat Al Jandal Wind farm and the 300 MW Jeddah Solar project, will contribute to the Kingdom's renewable energy goals and strengthen NRE's position as a leading renewable energy project developer and investor in Saudi Arabia."

Play Cinema Sets the Stage

Play Cinema is setting the stage to open multiple cinemas throughout the Kingdom. Most recently, the company has signed a memorandum of understanding with Kinan International Real Estate Development Co. to operate 12 cinema auditoriums in Al Dana Mall, Yanbu and Al Alia Mall, Madinah under a 20-year contract. The cinemas will cover a total of 6,000 square meters.

An additional six venues have already been secured in various locations, each with five or six auditoriums in a cinema of approximately 2500 square meters.

The first Play Cinema, which will have five screens, is expected to open in early 2024 at Amwaj Mall in Al Khobar.

Nesma Visited by French Dignitaries

The French Ambassador Ludovic Pouille, and the General Consul of France in Jeddah, Catherine Corm-Kammoun, visited Nesma this month. They met with Nesma President Faisal Alturki, Nesma Chairman Fouad AlSherebi and Nesma Automotive & Rail Mobility CEO, Karim Chaiblaine. The group discussed projects Nesma has with French companies and opportunities for future collaborations.

Schneider Awards Nesma United Industries

Nesma United Industries (NUI) received the “Customer of the Year” award from Schneider Electric. According to Schneider, the award was in honor and appreciation of their partnership with Nesma in security-related projects. The award ceremony was held September 7th at the Meridien Hotel in Khobar.

Jollibee, Chowking Train New Managers

On September 20, 2023, nine new restaurant managers finished the Jollibee-Chowking Basic Operations Training Program (BOTP). The BOTP is designed to provide new restaurant managers with the information and abilities needed to oversee Jollibee and Chowking shop operations. The one-month training was overseen by Noel Ascano.

NUI Team Wins Championship

Congratulations to the Nesma United Industries’ basketball team, the Nesma Builders, who are the champions of the Al Khobar Basketball Cup 2023, an inter-company tournament organized by the Al Khobar Ballers Club. The championship game was played on September 15th at Al Gosaibi Basketball Court.

Faces of Nesma: Ahmed Ramadan

Eng. Ahmed Ramadan began his Nesma career in 2012, joining Nesma Water & Energy as an electrical engineer. After one year, he was promoted to Project Manager of the Dawadmi-Afif project which consisted of water wells and a 1200 km long distribution network. Ramadan proved his exceptional management skills with this challenging project and was subsequently tapped to manage several other complex projects including the Riyadh Water Supply Enhancement project where he managed the transition from construction to operations. He also was project manager on the Jeddah Water Meter

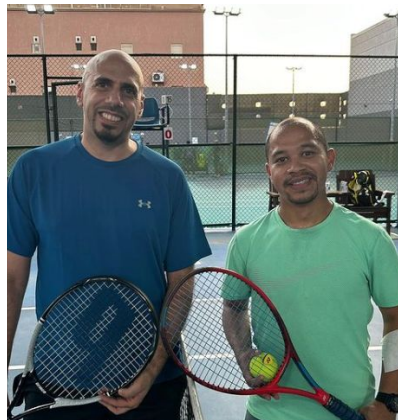

project and the King Abdullah Economic City Operation & Maintenance project. In 2014, Ramadan was nominated for the Nesma Group Manager of The Year Award during the Nesma Management Forum held in Istanbul. Since 2020, Ramadan has been the project manager of the Tabuk STP & Pumping Station Operation & Maintenance Project.

Ahmed Ramadan is married and the father of six children. He likes to spend his spare time developing his knowledge of PHP, MySQL and HTML.

Ramadan's colleagues describe him as hardworking, enthusiastic and able to make even the most difficult project profitable.

Winning On The Court

Congratulations and good luck to **Majdi Saber**, Marketing Manager, Namma International Marine Services, for qualifying for the 2nd round of the Men's Singles Class B in the Vamos September Open Tennis Tournament sponsored by Aquafina. Saber qualified with an 8-3 win over his opponent.
