NIT Signs New Contract and Partnerships

NIT Awarded SAR 90M Contract by SEC

Nesma Infrastructure & Technology (NIT) has signed a SAR 90 million contract with the Saudi Electricity Company (SEC) to upgrade power infrastructure in Makkah. The scope includes the underground interconnection of the Nawaryah substation with Makkah North BSP and the retirement of three 110 kV substations.

Led by NIT's Operations Department, the project will enhance network reliability and support regional modernization efforts.

"With a solid track record of successful project delivery, NIT is proud to continue collaborating with the Saudi Electricity Company in the Makkah region. We are grateful for this continued trust and remain committed to upholding the highest standards of service and reliability".

Majed Alfaiya
COO, Nesma Infrastructure & Technology

NIT Signs New Contract Cont'd

NIT Signs MoU with Tricion to Localize Defense Technologies

Nesma Infrastructure & Technology (NIT) signed a strategic MoU with Tricion Defense Group on May 13, 2025, during the Saudi-US Investment Forum in Riyadh. The signing followed the visit of U.S. President Donald J. Trump and supports Saudi Vision 2030 by advancing local defense manufacturing and innovation.

The partnership includes joint R&D centers, co-development programs and localized production of C4I and AI-driven systems. It lays the groundwork for future high-impact projects and reflects NIT's role in enabling sovereign defense capabilities through strategic collaboration.

NIT Signs MoU with Nemetschek Group

Nesma Infrastructure & Technology (NIT) has signed a Memorandum of Understanding with Nemetschek Group, marking the company's official entry into the Saudi market. The signing took place on May 13, 2025, at the Saudi Giga Projects Venue by ROSHN.

The collaboration focuses on BIM, digital twins and GIS integration, supporting innovation and digital transformation in infrastructure. Joint initiatives will include workshops, technical integration and R&D, reinforcing NIT's position in delivering smarter, more efficient projects.

Namma Cargo Launches International Courier Service

Namma Cargo Services Co. Ltd. has officially launched its door-to-door international courier service across the Kingdom, covering 220 countries and territories. The service supports both inbound and outbound shipments, including documents and parcels ranging from 0.5 kg to 70 kg.

Available to individuals and businesses, the service offers real-time tracking, express options and full insurance coverage. Following a soft launch earlier this year, it is now fully operational and reflects Namma Cargo's focus on simplifying global logistics with reliable, customer-focused solutions.

NDIGITEC Among Global VIPs at Esko's Launch of Quartz Technology

NDIGITEC joined global industry leaders at Esko's exclusive Flexo Innovation Day in Itzehoe, Germany, to officially launch CDI Crystal Quartz, a new flexographic plate-making technology offering gravure-surpassing print quality with improved sustainability and repeatability.

During the by-invitation-only event, NDIGITEC gained early access to the system through live demos, a facility tour and strategic discussions with Esko experts. CEO Vatche Kavlakian confirmed that NDIGITEC is the first company in the Middle East and GCC—and the fifth globally—to acquire the Quartz system. The technology will soon be fully operational and support flexo printing across labels, flexible packaging, corrugated and carton applications.

NIT Management Forum Held in Qatar

Nesma Infrastructure & Technology (NIT) held its 2025 Management Forum in Qatar, bringing together leadership to discuss strategic priorities, regional connectivity and future collaboration.

Spacemaker Holds Specialized HSE Training

Spacemaker's QHSE Department organized a one-day HSE training at the head office in the 2nd Industrial City. The session, led by an external specialist, equipped nine HSE team members with hands-on skills in emergency response, CPR and incident management.

Participants received certificates upon completion, and feedback was highly positive. Spacemaker plans to expand the training to other departments, reinforcing a strong safety culture across all locations.

NUI Launches Mental Health Unit for Employee Support

Nesma United Industries (NUI) has introduced a dedicated Mental Health Unit to provide specialized employee support. The unit offers confidential services, including consultations, on-site checkups, awareness campaigns, and access to trained Mental Health First Aiders.

Established as a proactive alternative to traditional HR support, the unit identifies root causes of distress and offers early intervention. It is key in enhancing workplace well-being, safety and employee loyalty across NUI's projects.

NUI Promotes Workplace Safety at World Health & Safety Day

Nesma United Industries (NUI) marked World Health & Safety Day at the NRC-2 project site with a themed event titled A Safe & Healthy Working Environment. The gathering featured guest speakers from Neom and NUI, opening remarks from project leaders and team-wide engagement.

The initiative raised awareness on occupational health, reinforced safety culture and highlighted NUI's ongoing commitment to creating safer, healthier workplaces.

NIT Sponsors Hareed Festival in Farasan Islands

Nesma Infrastructure & Technology (NIT) was recognized as a Gold Sponsor of the Annual Hareed Festival, held in the Farasan Islands under the patronage of HRH Prince Mohammed bin Nasser bin Abdulaziz. The event celebrated the cultural heritage of the Jazan Region and reflected Nesma's support for regional and community initiatives.

Mawaddah News

Mawaddah Showcases Growth and Innovation at ATM 2025

At Arabian Travel Market 2025, Mawaddah Hotels Group presented its transformation into a future-ready hospitality brand, blending tradition with innovation. The team highlighted digital service enhancements, upgrades to existing properties and tailored offerings for Hajj and Umrah pilgrims.

ATM also provided opportunities to connect with key stakeholders including travel agencies, tech providers and regional tourism boards. Mawaddah's presence generated interest from Southeast Asia and North Africa, positioning the brand for continued growth and global collaboration.

Mawaddah Highlights Women's Role at FSH Exhibition

At the Future Saudi Hospitality exhibition, Mawaddah Hotels Group spotlighted the growing role of women in facility management. The team shared success stories, inclusive hiring practices and career development efforts, reinforcing Mawaddah's commitment to a diverse and supportive workplace.

The exhibition also served as a platform to showcase Mawaddah's core services and inspire dialogue around gender diversity in the hospitality sector.

Nesma NTC Updates

NTC Hosts Hajj Service Training Workshops

Nesma Training Center (NTC) hosted a three-day workshop series for 45 Hajj workers, organized by Fajr Al Manasik in collaboration with leading pilgrim service companies. The program included specialized courses on crowd management, hospitality and health awareness to enhance service quality during the Hajj season.

NTC Hosts First Aid Workshop

Nesma Training Center (NTC), in collaboration with Andalusia Hospital, hosted a First Aid awareness workshop for students, trainers and staff. Presented by Dr. Babiker Siddig, the session focused on responding to sudden illness or injury without medical equipment before emergency help arrives.

NTC Hosts Drama Competition Filming for Al Fakhama School

Nesma Training Center (NTC) hosted Al Fakhama International School on April 10 to film a student play titled Believe in Yourself. The play, performed by elementary students, is among the top 30 finalists in the national-level Drama Competition 2025 organized by the Ministry of Education.

The school selected the venue due to its proximity to the school and because it met their filming needs.

Spacemaker Colleagues Inspire Future Female Engineers

Three female team members from Spacemaker, Ammarah Saddiq, Asmaa Aldossary and Sacha Dia, were recognized by Al Forsan International Schools after speaking at a career orientation for high school students. They shared insights on engineering careers, workplace skills and opportunities for women in the field.

The session was well-received, with students expressing strong interest in future internships. Spacemaker is exploring continued collaboration with the school.

Namat Factory Honors Graduates of Inclusive Fashion Program

Namat Factory – Thuwal Branch hosted a ceremony to honor graduates of the Fashion Design Program for Women with Hearing Disabilities, in collaboration with the College of Human Sciences and Designs. The event celebrated their successful practical training and the factory's role in providing an inclusive, supportive environment.

Faculty members recognized Namat's contribution with certificates and a commemorative shield, reflecting the factory's ongoing commitment to social responsibility and women's empowerment.

Kashif Iftikhar Recognized Among Top 10 Finance Leaders

Kashif Iftikhar, CFO of Nesma Public Transport, was named one of Saudi Arabia's top 10 finance leaders at the Kingdom CFO & Finance Transformation 2025 Forum. He shared insights on PPPs, compliance and finance strategy, drawing from over 30 years of experience.

"Compliance is always nonnegotiable and a leadership obligation," he noted. The forum reflected growing interest in PPPs and their role in driving innovation and societal value.

Kamyar Rezai Appointed to GWECCC 2025 Steering Committee

Kamyar Rezai, Strategy and Business Development Executive Manager at Nesma Renewables, has been appointed to the Steering Committee of the Global Water, Energy & Climate Change Congress (GWECCC 2025).

He will help guide the event's agenda and strategic direction. The role reflects Nesma's continued focus on sustainability, innovation and global collaboration.

Congratulations!
